Spring Holiday (Mar. 29th)

MONTHLY OBJECTIVES

English Language arts (ELA): Students will practice skills in writing reading, listening and speaking with their new friend Backpack Bear

Math: We will continue to sort and classify objects into overlapping sets. Students will also make comparisons of two containers according to capacity.

Science: We will begin to investigate the basic needs of living organisms and distinguish living organisms from non living objects.

Social Studies: We will continue to look at relationships between people and their environment and identify human characteristics of places on Earth. We will also begin exploring examples of technology and how they effect the way people live today.

CLASSROOM notes

Thank you for all the hard work you put into helping your child with the Harriet Tubman Project. They were great, and I am STILL bragging on them. The kids really enjoyed learning about her and so did I.

Our magnet class has changed; we are now going to learn Spanish with Ms. Myers.

Have a happy and safe Spring Break. I'm sure we all need a little vacation. 😊
